November 2026

November already!! Our season is progressing nicely and the skaters have fell into routine and are all doing so well.

It is a quiet month so not much to mention 😉

Wednesday, November 11: NO Skating - Remembrance Day

We do want to remind all parents to please make sure your skater(s) are using the washroom prior to getting on the ice. We have been having too many skaters leaving the ice to use the washroom lately. It is really hard to keep track of who is off and if their parents were found when we are in the grove of our 45 minute skate. Also if your skater needs to drink water during the lessons they are encouraged to bring a water bottle to the ice and put it on the ledge. Our goal is to keep all skaters on the ice while in our care for the 45 minute session.

Other than that all is going great out there. 👍🏻
